

Application for Seniors Week 2017

Monday 21st August - Friday 25th August

residential at Bowles Outdoor Centre
www.bowles.ac

age from 12 years

Important – Please read first

Our activity weeks are for children and young people with speech, language and communication needs. They are designed to increase their confidence and their sense of achievement. At residential activity centres some activities are physically demanding and others encourage team building and co-operation. We want young people to attend Seniors Week who will benefit from these activities, so we expect them to follow some simple instructions, be physically able and willing to try things (with encouragement from the helpers) and normally be able to indicate when they have a problem. Our ratio of helpers at Seniors is not 1-1, it is about 2-1, so we do expect participants to occupy themselves at times while helpers are busy with other members of the group.

We aim to have a mix of young people with differing abilities and from a range of school placements including mainstream and special needs schools. We assess each individual's suitability for activity weeks based on information given on this form and discussion with parents/carers if needed. Occasionally someone may not be suitable for our activity weeks due to their particular needs. Our helpers are volunteers and are not trained in personal care or physical restraint. Our leaders may deal with occasional personal care requirements, but cannot do this frequently. Our leaders may also deal with one-off challenging behaviour, however we cannot allow someone to continue attending the week if their behaviour continues to affect the other participants or is disruptive to the group as a whole.

We ask for the information to gain the best possible understanding about the young person's individual needs and abilities. We ask you to answer all sections as honestly as possible. Please complete the whole form as their behaviours, emotions and difficulties can change from year to year. We are happy to contact you if there are further details or issues you would like to discuss in person. We will ask newcomers to come to one or two of our Friday Clubs so we can get to know them better.

We want to look after participants in the best possible way and we use the information you provide to help us do this. We decide who goes in each of the sub-groups at Seniors based on the details you give us, and it is useful if you include strategies that you find helpful in particular situations. We need good information to make good decisions. Feel free to attach anything else that may be relevant, such as speech and language reports.

Please complete the whole form

Then return it following the **instructions overleaf**

Liability Statement

These Activity weeks are being organised by the North Surrey branch of Afasic, an integral part of the national Afasic organisation, which is a registered charity (number 1045617) and a company limited by guarantee.

It should be noted that some elements of the activities are adventurous and involve a degree of personal risk, and by participating in these Activity weeks, this is acknowledged by the leaders, helpers, links, participants aged 18 or over, and parents on behalf of participants under 18.

North Surrey Afasic checks the risk assessments of the various venues and centres used for the activities and overnight stays and checks that public liability insurance cover is in place. All of this information is supplied to Afasic's own insurers, who also have public liability cover of £5 million in place.

North Surrey Afasic takes out a policy extension for the residential weeks that includes holiday cancellation cover. This is only in force once we take out the policy extension and that is only after we have the names of all attendees. The cancellation cover does not refund the first £50, i.e. the deposit.

It should be noted that North Surrey Afasic's officers, committee members, organisers, leaders, helpers and links cannot take personal liability beyond the responsibility of Afasic as an organisation for any acts or omissions in relation to these Activity weeks.

I understand and accept the above liability statement.
